This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

At a Meeting of the Council of the HARLEIAN SOCIETY, *held at* 8, *Danes Inn, London, W.C., on the day of* , 18 , *the in the Chair, it was resolved that—*

"The Second Publication of the Society be THE HERALDIC VISITATION OF LEICESTERSHIRE IN 1619, *by William Camden, Clarenceux King of Arms; to be edited by* JOHN FETHERSTON, ESQ., F.S.A."

Preface.

The Visitation comprised in the ensuing pages was taken by William Camden, Clarenceux King of Arms, in 1619, Sampson Lennard and Augustine Vincent being his deputies, by the former of whom it was in great part written, and whose arms are stamped upon the cover. The pedigrees registered in it are nearly all marked with crosses of red chalk or blacklead pencil, signifying that they were copied from hence for the use of the heralds. Since the book was written, several entrances and insertions have been made by other persons. At fo. 4 is an erroneous pedigree of Cater, put down by Henry Parker. At fo. 42 are the arms of Sir Arthur Haselrigg as they were marshalled A.D. 1644, tricked also by the same Henry Parker. At fo. 56 will be found the following "Account of the Fees and Rewards given to the Officers of Arms, 24th March, A.D. 1619, by Prince Charles and several Lords at their first Entrance into the Tilt Yard":—

"Prince Charles for his first entring into the Tilt gaue to the Kings of Armes Heralds and Pursuivants of Armes twelue scarffes of his colers being those colers, nine yards a peece, of rich taffata, fringed wth deepe golde fringe, and to euerie one a white beuer hat wth siluer bands and feathers of his coulers. and twentie pounds in monie the 24 of March 1619. and all brought him into the tilt yeard from Somerset house the 24. of March aforesaid 1619.

"The Marquesse Buckingham gaue the same time 1619 for his entrance into the tilte twentye markes in monie to the officers of Armes but no coulors bycause all the companie did attend the Prince.

"The Marquesse Hamilton for his first entrance into the tilt gaue to the officers of Armes twentye marks at the same time but no coulors, bycause none did attend him into the tilt.

"The Earle of Oxford gaue for his first entrance into the tilt the same tyme ten pounds in monie but no coulors.

"The Earle of Salisberie gaue for his first entrance into the tilt the same time 1619 the sume of ten pounds in monie to the officers of Armes and six

yards of taffata sarcenet for two officers of Armes although he had none to attend him.

"The yeare following 1620 the Earle of Lincolne gaue for his first entrance into the tilt to 4. officers of Armes 6 yards of taffata sarcenet a peece and ten pounds in monie who brought him from the muse into the tilt & gaue them also fethers of his colour.

"The Lord Compton sonne to the Earle of Northampton gaue to 4 officers of Armes 3li a peece in monie to buy them scarffs of his colours & 20s to buy them feathers of his coulers and vjli xiijs iiijd as a fee to the whole companie wch foure did attend him from the muse into the tilt the 24 of March 1620.

"The yeare following 1621 the Viscount Mansfeild gaue to 3 officers of Armes 3 pounds a peece to buy them scarffes of his colours and viijli in monie as a fee to the whole companie But through the fowle wether the daye being twice putt of. In the end the King would haue no tilting that yeare.

"The lord Stanhop the same time 1621 gaue to 3. officers of Armes 3. pounds a peece to buy them scarffes of his colours & vili xiijs iiijd in monie to ye whole companie, But ther was no tilting that yeare by reason of the fowle weather as is aforesayd.

"The Lord Montioye of Ireland gaue for his first entrance into the tilt the same time 1621 scarffes of taffata sercenet for 3. officers to bring him into the tilt and vili xiijs iiijd in monie to the whole companie but nothing was done that yeare by reason of the fowle weather as afforesaid, yet they all had the monie before hand, and the scarffes."

At (fo. 77, pencil,) will be found inserted an escocheon of Sir Beaumont Dixie, second Baronet of Market Bosworth, impaling the arms and quarterings of his wife Mary, the sister and sole heiress of Sir William Willoughby, Baronet, of Selston, co. Notts. Only one original subscription is to be found, that of "Wylliam Noell," at fo. 5 b; but in Harl. MSS. 1195 (from fo. 72) is a number of the original loose sheets, signed by those who gave the information for the Visitations of Leicestershire and Warwickshire, and facsimiles of forty-four signatures of the county of Leicester are appended to this work. Several pedigrees have been continued, chiefly by the hands of Henry Parker and Robert Fisher, arms painter, whose autograph is to be seen on the first page. One Richard Mundy, who perhaps accompanied the heralds at this Visitation, seems to have tricked the arms and seals used by the Corporation of Leicester, and to have entered the descent of Wellesborough; that of Beaumont at fo. 34 is in the hand of Augustine Vincent. All these additions, and words written in pencil are distinguished from the original entries by being in Brevier type. The headings of pedigrees within

brackets are so written in the original manuscript; those without have been supplied.

The first Visitation of the County of Leicester was that of Harvey in 1563, by Robert Cooke, Chester Herald. A copy of this, written narratively, is in the national collection (Add. MS. 17,065, fo. 125) and contains the following pedigrees:—

"The dessent of Robert Brokesby of Sholesby in the of Leycester. And in the hondreth of Goscott."

Of "Henry Kebyll of Homerston."
"John Danvers of Swythland."
"George Sherard of Stapullford."
"John Ashbye of Lowesbye."
"Will'm Peche of Kingthorpe."
"Edmond Wynter of Wordington."
"Thomas Graye of Langlaye."
"Thomas Rosse of Ingmanthorpe."
"Thomas Ffarnham of "
"Will'm Lacye of Melton Mowbraye."
"Ffrauncys Cave of Baggrave."
"Bryan Cave of Ingusbye."
"Morrys Barklaye lord of Womandham."
"George Pochen of Barkbye."
"Nicholas Sevyll of Blabye."
"Richard Turvyll of Normanton Turvoyle."
"John Nowell of Wellesborow."
"S[r] Thomas Nevyll Knight lord of Hoult & Roliston."
"Will'm Skevington of Skevington."
"George Vincent of Bekleton."
"Robert Belgrave."
"George Pureffey of Dreyton."

Two others are in the College of Arms, also narratively written, the one marked G. 11, the other by Turpin H. 12. There is also a volume of pedigrees from Cooke's Visitations of Somerset, Warwick, and Leicester, marked F. 7.

A small volume in the possession of the Honorary Treasurer of the Harleian Society is worthy of note, since it gives some information relative to the quarterings of Leicestershire families, etc., and also calls attention to a collection of genealogical manuscripts, collected by Henry Ferrers, not one of which unfortunately now remains in the possession of his lineal male heir at Baddesley Clinton.

In the British Museum, in addition to the manuscript printed here, are other copies of the second Visitation (1619):—

Harl. MSS. 6125.
6183.
1431.
1187, bound up with the Visitation of Northamptonshire in 1618, beginning at fo. 97, pencil, and extending with alphabetical index to the end of the book,
and 1189, which commences with a list of names and trickings of arms of justices of the county of Leicester in 1601.

The Library of the College of Arms has two copies:—C. 8, containing about one hundred and twenty-eight pedigrees; and Vincent's Leicester, No. 127. Copies of Leicester Visitations are also preserved in both Universities:—Caius College, Cambridge, MSS. 519; New College, Oxford, MSS. CCCXXX.; Queen's College, Oxford, MSS. LXXXIX.

The third and last Visitation of Leicestershire was taken "by Sir Henry St. George, Knt., Clarenceux King at Arms; begun by Thomas May Chester and Gregory King, Rougedragon, in Trinity Vacation, 168½, and finished by Henry Dethick Richmond and the said Rouge Dragon in Trinity Vacation following, 1683." It forms one of the series of later Visitations, marked K, in the College of Arms, and consists of about one hundred and forty genealogies. In addition to families already recorded, it introduces many others who had become possessed of property in the county since the year 1619, and whose descents had not been registered in the earlier Visitations. The following list, in the order in which they occur, may prove useful:—

Manners (Earls of Rutland).	Pate of Sisonby.	Curl of Melton.
Crew.	Fullwood of Hemington.	Palmes of Melton.
Hudson of Melton Mowbray.	Powell of Belvoir.	Bowdon of Melton.

The Council have selected the Visitation of Rutland in 1618 *to follow that of Leicestershire.*

Report for the Year 1869–70.

On the 27th of March, 1869, two Members of the Society's Council invited several of their friends and correspondents to assist in the formation of a Society, having for its special object the publication of the Heralds' Visitations of Counties and other important Genealogical Manuscripts. By the 28th of May, fifty-eight persons signified their willingness to co-operate in the establishment of such a Society, and at a Special Meeting held on that day at 8, Danes Inn, the Honourable Henry Roper-Curzon in the Chair, the Officers of the Society were appointed and the Rules drawn out. The success that the Society met with was so great, that by the 28th of July no fewer than one hundred Members had joined, and from that time to the present this number has been gradually increasing, so that now it exceeds one hundred and seventy Members.

This great success may be attributed to the exertions of the several Members of the Council, and to the literary status of many of the original Members.

The Society has already published and distributed 'The Heraldic Visitation of London, taken by Robert Cooke, Clarenceux, in 1568,' edited by Joseph Jackson Howard, F.S.A., and George J. Armytage, F.S.A.

Camden's 'Visitation of Leicestershire in 1619,' edited by John Fetherston, F.S.A., will be ready for circulation in about a fortnight. This is a large work, and contains 207 pages of pedigree matter only. It will also include facsimiles of several of the signatures of the heads of families who entered their pedigrees at that Visitation, together with a very elaborate armorial and general index.

Sir George F. Duckett, Bart., F.S.A., has offered to edit a Visitation for the Society; and the 'Visitation of Nottingham,' to be edited by G. W. Marshall, Esq., LL.M., is ready for the press; and the three Oxfordshire Visitations are now being prepared by Mr. William Henry Turner, of Oxford.

The Society is now in a position to print Two Volumes a year, and it is hoped that the addition of another hundred Members will enable a third volume to be published; and it is believed that the issue of Three Volumes in return for the Guinea Subscription will place the Society in the foremost ranks of such Associations of this country.

The especial thanks of the Members are due to the Council of the Surrey Archæological Society for so courteously placing their Meeting-room at the disposal of the Harleian Council. Arrangements are now being made for the payment of a few pounds per annum to the Surrey Society, as it is considered desirable that this Society shall have a recognized place of meeting.

Harleian Society.
